

'Deep dive' on GPE activity in equity for This year

Leaving no one behind

- What does 'leaving no one behind' mean for GPE partner countries?
- In 18 GPE partner countries, more than 20% of children remain out of school at primary / lower secondary level
- In over 40 partner countries, more than 20% of children do not *complete* primary school
- How to balance transforming systems to enable learning – with continued expansion of access?
- Working paper 1: Broad insights to help frame policy decisions
- Working paper 2: Equitable financing
