

Organisation: VVOB – education for development

Country: Vietnam & Cambodia

VVOB is an *international* non-profit organisation working towards *quality education* in Africa, Asia and South America.

We support local authorities to *sustainably improve education systems*, by focusing on *the professional development of teachers* and on *effective school leadership* (via initial training and continued professional development), and this in *four subsectors*: early, primary and general secondary education, and technical and vocational education and training.

Our *approach* is defined by:

- Long-term partnerships with ministries of education
- Broad collaboration to tackle complex educational challenges
- Evidence-driven and evidence-generating projects
- Focus on scaling innovation
- Flagships on effective school leadership, gender-transformative pedagogy and skilling for sustainable futures
